下游需求带动涂料及表面处理行业增长 Demands in Downstream Markets Drive Growth for Coatings & Finishing Industry

「中国国际涂料展」—— 展示最新市场趋势和技术的平台

2019年上半年中国油漆和涂料产量近1,000万吨,比2018年同期增长4.8%,行业销售总额接近人民币1,500亿元。尽管中美贸易纠纷持续及环境法规日趋严格,预计今年中国涂料业仍能保持温和增长。

目前,中国大约有4.3亿个家庭,城镇居民人均可支配收入持续上升,2019年逾人民币29,000元。人口庞大及人民对生活水平要求提高,使中国仍是全球最大油漆和涂料消费国。下游市场需求保持增长,带动整体油漆和涂料销售。建筑市场仍是整体销售中占最大份之一;在建筑领域中,经济型涂料产品仍占主导地位,但标准质量和优质产品正迅速发展。

事实上,2019年「中国国际涂料展」的数据与涂料业

趋势吻合。展览会同期举行的技术交流活动中,内容涵盖建筑业及相关领域的,与会者人数皆为最高;在展馆中,观众可看到不少展台内展出微型城堡和建筑物,不少参展商专注展示建筑涂料创新产品和解决方案。

「中国国际表面处理展」—— 为下游行业提供广泛产品和实用解决方案

下游市场,尤其是机械、电子和汽车制造业,对电镀和其它表面处理服务需求较高。2018年,中国前100家机械制造商总收入达人民币188亿元,同比增长10%;电子制造业增长13%,大大推动及扩展电子电镀的发展;2019年,中国有超过100,000家汽车零部件制造商;其它增长中的下游行业,例如轨道交通、航天制造、医疗设备等,对电镀和表面处理服务需求不断增加。

本届「中国国际表面处理展」同期举办两场专家技术论坛，涵盖轻质材料涂装工艺和 VOC 处理等议题，为吸引最多与会者的活动。展览会上，设备制造商展出更多智能产品，材料供应商则扩大产品线，保持竞争优势。

2019 年「中国国际涂料展」及「中国国际表面处理展」继续是行业的领先平台，汇聚全球参展商及观众共同塑造未来！

CHINACOAT — the Major Platform Showcasing Latest Market Trends and Technology Innovations

It is estimated that almost 10 million tons of paint and coatings were produced in China in first half of 2019, an increase of 4.8% when comparing to same period of 2018. The industry's total sales revenue was close to RMB 150 billion Yuan. Sales are expected to continue to grow. This year, China Coatings Industry continues to display a mild growth amid trade uncertainty and stricter environmental regulations.

There are roughly 430 million families in China. The disposable income per capita keeps growing, the figures surpassed RMB 29,000 Yuan in 2019. Due to large population and rising living standard, China remains as the largest consumer of paint and coatings in the world. Downstream markets maintain their organic expansion, therefore driving overall paint and coatings sales. Architectural market is still one of the largest sources of overall sales. While economy class of architectural segment still dominates the sales, the standard and premium quality lines are expanding rapidly.

Figures from CHINACOAT2019 are in fact in line with the trend of the Coatings Industry. This year, CHINACOAT Technical Programmes covering architectural and related sectors attracted largest numbers of attendance. A number of booths on the exhibition floor were designed as miniature castles or buildings. Many exhibitors highlighted their products and solutions for architectural paint and coatings.

SFCHINA — Continues to Provide Wide Array of Products and Practical Solutions to Downstream Industries

Downstream markets, particularly machinery, electronics and automotive manufacturing, generate higher demand for electroplating and other surface finishing services. In 2018, total revenue of the top 100 machinery makers in China reached RMB 18.8 billion Yuan, an increase of 10% Year-Over-Year. Electronics manufacturing grew 13%, significantly expanding the subsector of electroplating in the electronics industry. In 2019, there are over 100,000 auto parts manufacturers in China. Other growing downstream industries, such as rail transit, aerospace manufacturing and medical equipment also contribute a high demand for electroplating and surface finishing services.

SFCHINA2019 hosted 2 Technical Forums covering innovative coating applications on lightweight materials and VOCs treatment. Both attracted high number of attendance. To stay ahead of the competition, equipment makers showcased more smart products and materials suppliers expanded their product lines.

CHINACOAT2019 and SFCHINA2019 remain as the industry's main meeting platform where exhibitors and visitors shaped the industry's future together!
